Wednesday, August 18, 2010

Dear Joe,

This letter is to recognize your hard work, dedication, and talent at our most recent Summer Festival on the Courtyard on August 14, 2010. I got a lot of great feedback from visitors who saw your show. I personally witnessed adults and children laughing and smiling while watching you do your routine.

My favorite part of the show was how many different characters you had. It helped keep things lively and never get old.

I would definitely love to have you back at the National Museum and would be more than happy to recommend you to anyone else looking for a ventriloquist.

Sincerely,

Koji Steven Sakai
Manager of Public Programs
